

The federal Workforce Investment Act (WIOA) of 2015 provides the framework for Ohio Means Jobs employment resources. Ohio Means Jobs Hancock County works with its partner agencies to enhance workforce preparation and grow area employment levels. This free service system is designed to be customer-focused, and to supply the region's residents the tools they need to manage their careers. In addition, the system helps area employers locate employment, training, and information services necessary to remain competitive in today's labor market.
